CC Docket No. 02-6

FRNs included in this Appeal

<u>Form 471</u>	<u>FRN</u>	<u>Funding Year</u>
689254	1887852	2009
689254	1887815	2009

803682	2178351	2011

We would like to appeal the decision of USAC to rescind funding for the above mentioned FRNs. In a series of letters that we recently received it states that these FRNs are being rescinded because it was determined that funding was provided for the following ineligible items: Bogen Expansion PBX.

We don't understand why the Bogen would be ineligible. The Bogen functions as a "Private Branch Exchange (PBX)" provides telephone services (to the Public Switched Network and for internal use) is should therefore an eligible product.

The Bogen PBX expansion is used in areas of our school where a traditional PBX is not practical. We selected the Bogen system to add analog extensions to classrooms. The primary PBX provides the capability for advanced multiline telephone instruments, IP Telephones, voicemail and advanced telephone line interface such as PRI or SIP Trunks. However for areas of our school that require standard telephone service such as classrooms we selected a Bogen system. The Bogen System and the "primary" PBX are integrated in such a way that they are effectively one system, station-to-station calls and calls to the public switched network flow freely between the two systems.

The Bogen system was also listed as 100% eligible in the USAC Eligible Products Database.

We had initially appealed this directly with USAC. We faxed our appeal on September 9, 2013. When we got a payment demand letter from USAC we contacted USAC and they advised us that they have no record of our appeal and we were told to send in the appeal once again. We did that and got a letter from USAC that our appeal is denied as it was filed past the 60 Days. We are including a copy of our original appeal, the fax conformation of our original appeal and the letter we got from USAC denying our appeal.

A handwritten signature in black ink, appearing to read 'Abraham Spizer', with a long horizontal flourish extending to the right.

Date Appeal Postmarked: November 20, 2013
Your Correspondence Dated: September 06, 2013

Our records show that your appeal was postmarked more than 60 days after the date your Notification of Commitment Adjustment Letter was issued, as shown above. Federal Communications Commission (FCC) rules require applicants to postmark appeals within 60 days of the date on the decision letter being appealed. FCC rules do not permit the Universal Service Administrative Company (USAC) to consider your appeal.

If you believe there is a basis for further examination of your application, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be postmarked within 60 days of the above the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found under the Reference Area/"Appeals" of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.
